A case of idiopathic multicentric Castleman disease in an alemtuzumab-treated patient with MS

Neurol Neuroimmunol Neuroinflamm 2020;7:e657. doi:10.1212/NXI.0000000000000657
e657

In the Clinical/Scientific Note “A case of idiopathic multicentric Castleman disease in an alemtuzumab-treated patient with MS” by Rolfes et al.,¹ first published online November 8, 2019, the label in figure 1F should read “Abdominal CT scan outlining extensive abdominal (yellow arrows) and inguinal (red arrows) lymphadenopathy.” The authors regret the error.
