

International multicenter examination of MOG antibody assays

Neurol Neuroimmunol Neuroinflamm 2020;7:e718. doi:10.1212/NXI.0000000000000718
e718

In the article “International multicenter examination of MOG antibody assays” by Reindl et al.,¹ first published online February 5, 2020, the first sentence of the abstract’s Conclusions should read, “Live MOG-IgG CBAs showed excellent agreement for high positive and negative samples at 5 international testing centers.” The authors regret the errors.
