Guillain-Barré syndrome related to SARS-CoV-2 infection
Neurol Neuroimmunol Neuroinflamm 2020;7:e850. doi:10.1212/NXI.0000000000000850

In the Article “Guillain-Barré syndrome related to SARS-CoV-2 infection” by K. Bigaut et al., there are several errors in table 1. The age noted for the patient described in the first case should be 43; additionally, the protein level in CSF should be listed as 0.94 g/L for this patient. Lastly, for the patient described in the second case, the protein level in CSF should be listed as 1.06 g/L. The authors regret the errors.
